Last month, my friends and I visited Apamea. It is an ancient site on the bank of the Orontes River. When we arrived, we set up our camp. The next morning was very hot but we visited the Roman city. There were enormous columns and high walls. As we were walking around, we met a group of tourists. We told them about the history of the site, and they said we were good guides. After that, we climbed up the hill to the citadel. The views from the top were incredible. I will never forget that visit. Since then, I've decided to study history.
