Facts about Grand Canyon						
A canyon is a deep valley with very steep sides of rocks that usually has a river running through						
it .The Grand Canyon is located in Arizona, United States. The Colorado River carved it over						
millions of years .It is 446 km long.						
It is well known for its colorful landscapes and the variety of animals and plants that live in it.						
It has also been the home of Native Americans for over thousands of years . There is so much to						
do at the Grand Canyon! Besides sightseeing, you can go hiking, rafting and skydiving.						
Camping is another activity you can do.						
If you visit The Grand Canyon, make sure to stop by the Havasu Falls. It is a beautiful						
waterfall in the Havasupai Indian Reservation .
