غادر محكمة رجل طليق لأنه اثبت بانه بريئا

34.

The court heard that the crime had taken place on a tennis court.

Today, a lot of companies are run by computers.

Employees use computers daily in their offices to make work go faster. Some employees use work computers for their own purposes – writing letters, searching the Internet or just playing games. When they do that, work will be badly affected and it won't be finished on time. In my opinion, employees shouldn't be allowed to use work computers during work time for their own purposes to make them do their jobs properly.
